High Performance Consulting and
Training Solutions for the Construction Sector

City of Glasgow College together with The Whole Thing

The City of Glasgow College has teamed with The Whole Thing Group to provide a full range of innovative consulting and training solutions that will help you improve your performance.

City of Glasgow College

With the recent opening of two, state-of-the-art campuses situated in Glasgow City Centre, City of Glasgow College is one of the largest providers of Education and Training of its kind in Scotland. Truly international the College has 30,000 students from 135 different countries and over 1,200 staff offering a wide range of professional and tailored programmes to suit both individuals and organisations.

The Whole Thing Group

With offices in UK and UAE The Whole Thing Group works with forward looking clients to build sustainable, high performance through consulting and training excellence. The Whole Thing provides innovative, high impact workforce solutions that will enable you to accelerate delivery of your business strategy and consistently outperform your competition.

Partnership Benefits

- Innovative solutions that improve overall performance.
- Certified training aligned to best industry practice
- Qualified experts that consult and coach for lasting change.
- Dedicated teaching staff with extensive industry experience working with organisations of all sizes.
- Energised learners that leave with an action learning project to encourage continued learning and change in the workplace.
- Successfully supported major international clients to improve individual and organisational performance.

“Investment in consulting and training can help your business grow!”

Staff Training and Development:

We are repeatedly helping major clients in the construction sector improve their performance and realise the following benefits:

- Improved staff retention and morale
- More self sufficient and proactive staff requiring less supervision
- A more efficient, productive and up to date workforce
- A competitive edge for your company in the market, with staff equipped to address new opportunities
- An enhanced company reputation as one which values its workforce through investment in training which in turn will help attract the best staff.

Consultancy

Our partnership can provide consultancy and research in the following areas:

- Construction and Engineering
- Health and Safety
- Organisational Development (including Training Needs Analysis)
- Human Resources
