We used The Whole Thing FZE LLC to deliver Presentation Skills Training for a group of high performing individuals within our business, the training was listed as a development need as part of their ongoing performance.

The feedback given from the course was that it was engaging, fun, it made sense! It was not a standard presentation course where you learn about PowerPoint, you learnt about yourself and how your delivery can affect important presentations.

Yours faithfully,
for **Al Futtaim Carillion LLC**

Emma Barratt
Communications, Learning & Development Manager
