

## OUR VALUES

living our  
**values**

COMMITMENT • INTEGRITY • TEAMWORK • COMMUNICATION • EQUALITY • SUCCESS • FUN

The Whole Thing has seven values; **our values** are the soul of The Whole Thing; they reflect what is truly important to us as an organisation and set the foundation of our company culture, our way of behaving and what makes us easy to work with. By maintaining these values, regardless of how large The Whole Thing becomes, we can preserve what is special about our company.
